

## FOR IMMEDIATE RELEASE

### PRIMORIS SERVICES CORPORATION JOINS RUSSELL 2000® INDEX

**Lake Forest, CA – June 30, 2009 – Primoris Services Corporation (NASDAQ GM: PRIM; PRIMU; PRIMW)** (“Primoris” or “Company”), one of the largest specialty contractors and engineering companies in the United States, today announced that it was added to the Russell 3000® Index and the subset Russell 2000® Index. Primoris’ inclusion became effective upon the close of trading on Friday, June 26, 2009 following the Russell Investment Group’s annual reconstitution of these lists. Primoris was also added to the Russell Microcap® Index and Russell Global® Index.

Brian Pratt, Chairman, President and Chief Executive Officer of Primoris, commented, “Our inclusion in the Russell 2000 less than one year after becoming a public company evidences our continued development and reflects the success of our industry expansion efforts. We expect that being part of the Russell 2000 will serve to further elevate and broaden our profile among those investors who utilize the Russell indexes in making their investment decisions.”

Russell indexes are widely used by investment managers and institutional investors for index funds and as benchmarks for both passive and active investment strategies. An industry-leading \$4 trillion in assets currently are benchmarked to them. These investment tools originated from Russell’s multi-manager investment business in the early 1980s when the company saw the need for a more objective, market-driven set of benchmarks in order to evaluate outside investment managers. Total returns data for the Russell 3000 and other Russell Indexes is available at <http://www.russell.com/Indexes/performance/default.asp>.

#### About Primoris

Primoris, through various subsidiaries, is one of the largest specialty contractors and engineering companies in the United States, primarily serving the growing power and energy sectors. Primoris provides a wide range of construction, fabrication, maintenance and replacement services, as well as engineering services to major public utilities, petrochemical companies, energy companies, municipalities and other customers. Primoris is also a leading water and wastewater contractor in the state of Florida, and a specialist in designing and constructing complex commercial and industrial concrete structures in California.
